

Swift Signposts

Letter formation

Find a piece of paper or a writing book and practice writing these curly caterpillar letters cursively.

q e s f

Then practice writing the capital letter for each one. Take it further by writing words which contain these letters. Here are some examples for you to practice - queen, safe, quest, fuse.

Build on your knowledge of sharing

Watch numberblocks - counting sheep

Writing activity

Today you are going to write a postcard to Mrs Howard from Florida. Watch the video about Disney World.

<https://www.youtube.com/watch?v=mEyUzQUH-IY>

Maybe you've been to Florida or would like to go. What kind of things would you do in Florida? What would the weather be like?

Using the postcard template draw a picture of the place you are visiting on the blank section. On the other side, is a space for you to write a brief message and the address of Mrs Howard. Make sure you use capital letters for proper nouns (names of places and people). Once you are done, cut it out and stick it together ready to post!

Places you can visit in Florida

Mrs Howards address
below

Mrs Howard
Meldreth School
Meldreth
Cambridgeshire

Miami Beach

Universal Studios

Disney World

Kennedy Space Centre

PHONICS - visit https://www.youtube.com/watch?v=BEAuZcRB_cM&t=67s

Make a list of all the 'ir' words you saw in the programme. You have an invite to the girl's party and you will need to get her a present. Draw a picture of what you would get her. Maybe it could be something which contains the phoneme ur - like a scooterer, Curly Wurly or a shirt. You choose!

MAGNIFICENT MATHS - making equal groups

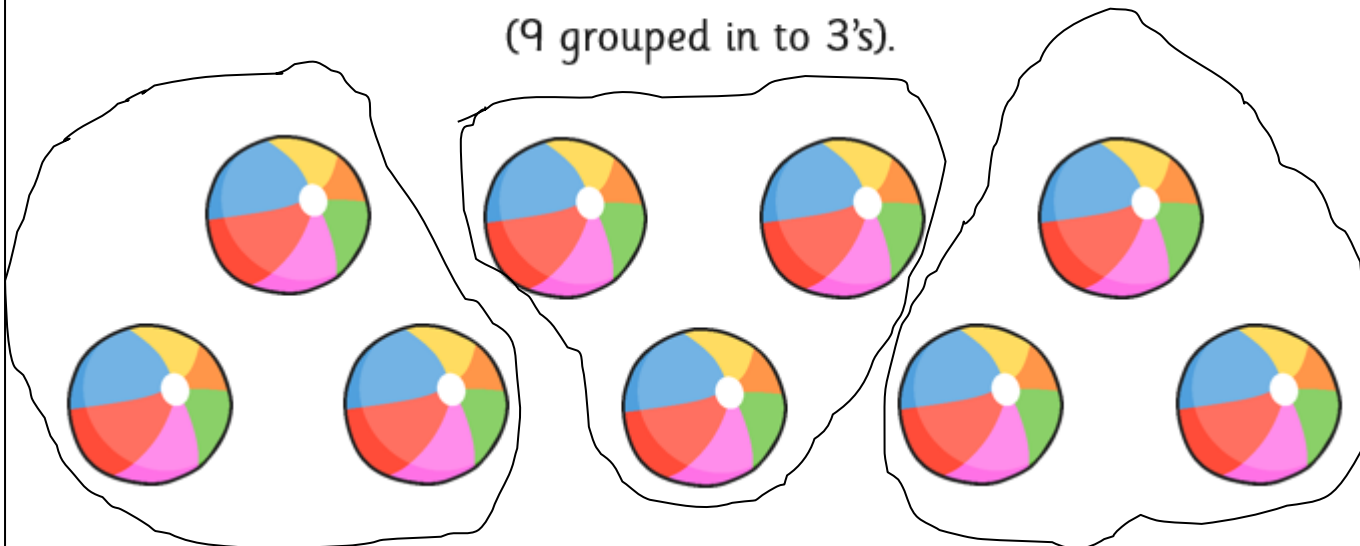

Let's do this one together.

Beach ball nets hold 3 balls.

Group the balls in 3's to find out how many nets are needed.

(9 grouped in to 3's).

The beach ball nets hold 3 balls each. We find out how many nets we need by circling three beach balls at a time and putting them in to **equal** groups.

Look at how I have circled each set of 3 beach balls with a **clear line**. There are 3 groups of 3 balls so that means that we need 3 beach ball nets.

Try this on your own copy of the picture and then complete the rest of the making equal group problems. Print as many or as few as you want to do.

Helpful hint

Make sure you count each group of objects **accurately** before you circle them to make a group.

ART ATTACK!

Find my craft video on You Tube - search Swift Class Home Learning. Today we are going to be upcycling plastic milk bottles and turning them in to decorated elephants.

You will need-

- 1 A milk bottle
- 2 Some glue
- 3 Scissors for cutting - an adult will need to help you with this
- 4 Things to decorate your elephant with - paint, pens, wrapping paper, tissue paper... whatever you like!

A little bit extra -

Visit teach your monster to read online.

Once you are logged in (which is free parents if you didn't know that) click on the games icon and launch the game sighties. Practice reading and listening to high frequency words. Word of warning..... you need to be quick!!

Reading Corner

Find a story by Julia Donaldson. You may have one at home or there are plenty online. Read or listen to the story. What do you notice about the sentences?

Bonus task - Can you write or say your own sentences that rhyme?

Show what you know or find out what you can about each of the headings. Try to do some work on each of the tasks but do try **and** do MORE about the one you like the sound of most. **Ask a parent to email your work for Miss Jackson or Miss Haigh to mark. cjackson@meldreth.cambs.sch.uk or ehaigh@meldreth.cambs.sch.uk**
