

# Swift Signpost Week 3

**Morning activities:** This is our first activity of the day. We usually complete these independently. Choose one to do for each morning.

1. Handwriting - Practice writing these ladder letters *l i t j u y*
2. Maths Challenge - Complete the attached Three Little Pigs addition and subtraction colouring activity. Find the answer for the number sentences and use the colour key to colour in each section correctly.
3. Number formation - use the number formation sheet from your home learning pack if you have one. If not, practice writing numbers 1 to 20.
4. Handwriting - Practice writing these phase 3 tricky words *then he too her*
5. Spellings - ask your parent to read you each of the words you have been set to learn. Can you spell each of them correctly?

**Brain break** - After our morning activity, we do 5 a day or Gonoodle. Here are the links:

5 a day tv - <https://5-a-day.tv/> Username: **MPSS6(S** Password: **HhSSa7n7**

GoNoodle - <https://app.gonoodle.com/> This resource is free but you will need to create your own login. Swift Class love doing the Triangle Dance and Boom Chicka Boom on the Moose Tube channel on GoNoodle.

**Reading Corner** - Please try to read every day. Here are some activities you might like to complete.

1. Design a poster for the book you have read to encourage other people to read it.
2. Write speech bubbles for the main characters in your story. What would they say?
3. Which character from the story would you most like to be and why?
4. Were there any words in your book that you didn't know the meaning of? Find out what they mean.

### Topic/Writing activities for this week:

1. This week we are going to look at punctuation, focusing on question marks. Click [here](#) to watch a video about them. How many questions can you think of? Think of interesting ways to practice forming question marks.
2. We are big fans of Forky Asks a Question in Swift Class. If you have Disney Plus maybe you can watch an episode. Use the question words on the Forky Asks a Question task sheet to create different questions. Write down your favourite three questions for Forky. Remember to use a question mark at the end of the question.
3. Using the I can write questions resource, think of a question that the wolf and Little Red Riding Hood could be asking each other.
4. The wolf is at large! Make a wanted poster so that he can be found. Can you include a question on your poster?

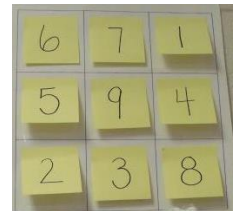

### Phonics -

This week we are revising the phase 5 sounds we have learnt so far this year. Choose to do some or all of the activities below:

1. Play sizzling sausages - follow the rules on page 1 and see if you can guess and write down what the words are before the missing graphemes are added.
2. Play the ee, ea and e board game to help you read words containing the phoneme 'ee'.
3. Name an alien - choose a selection of graphemes to make new names for the aliens
4. Visit [phonicsplay.co.uk](http://phonicsplay.co.uk) to play phase 5 games focusing on the sound au. Username: **Meldreth** Password: **green**

## Maths: Addition and Subtraction to 20

- We use White Rose Maths for our learning. Click [here](#) to access support videos for this weeks focus. Search for Year 1 and then find the addition and subtraction (within 20) video section. This weeks lessons are listed below. Watch the video for each of these lessons and complete the worksheet on our home learning page.
1. Add by making 10: Watch the Add by making 10 lesson by using the link above. Try some or all of questions the accompanying resource to test your knowledge further.
  2. Subtraction - counting back (crossing 10): Watch the counting back lesson by using the link above. There is an activity resource for you to do afterwards if you want an additional challenge.
  3. Post-it note addition - write numbers 1 to 10 on post-it notes or paper. Stick them on a wall. You will need something soft to throw at the numbers. Throw the object twice to hit two numbers. Add the numbers together. What is the highest number you can make?
  4. Complete lessons on Maths Seeds <https://mathseeds.co.uk/> See box below for info.

## Maths Seeds Information

This resource has been purchased for children in EYFS and KS1.

It provides lessons and games to develop children's core maths and problem solving skills.

All of the children now have a Maths Seeds account. Their login card was provided at the beginning of the year to all parents.

**Login** with your child's details. Click **start here**.

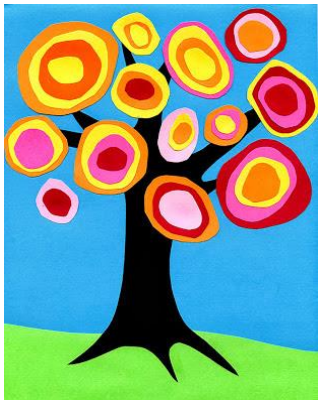

Each child is on a map (level) which matches their current ability level. It is very important that your child continues at the right level to help them achieve and progress. You can also choose to complete mental maths activities too.

Choose a story to listen to on Miss Jackson's You Tube channel using the web link below:

<https://www.youtube.com/channel/UCDDSFmnrGvagSXY2XiLjn4w>

Try making circles and squares like Kandinsky by clicking [here](#)

Make your own Kandinsky tree by clicking [here](#)

### A little extra -

- ☐ Science - Find out why we wash our hands with soap by completing the hand washing experiment accompanying this signpost
- ☐ Music - visit [Chrome Music Lab](#) and experiment with the KANDINSKY feature. Try some Kandinsky art below.
- ☐ Art - Kandinsky was a Russian abstract painter who used colours, lines and shapes to create his artwork. There are some examples left. Use the links left to make Kandinsky styled art work
- ☐ Purple Mash - visit 2create a story and make a start on writing and illustrating your version of a favourite fairy tale. If you have already started this in class, build on what you have done so far by adding extra pages. Save your project in the Swift Class folder so that I can see it.

### Wellness Wednesday

What makes you happy? Take a photo or draw a picture of something or someone that makes you happy.
