Success Stars:

## MATHS – NEW UNIT – Mass, Capacity & Temperature

L.O.: to compare the mass of items.

Compare the mass (weight) of items by holding them in your hands (see information sheet).

**READING** – Try to read to a family member, you could even take your reading outside and enjoy the sunshine!

**GRAMMAR** - Sort the sentences according to whether they are statements, questions, exclamations or commands.

Show what you know or find out what you can about each of the headings. Try to do some work on each of the tasks but do try and do more about the one you like the sound of most. Ask a parent to email your work for Miss Cole to mark.
