Swift class learning about the peasant revolt

This week, we celebrated Safer Internet Day in school to inspire a conversation about using technology responsibly, respectfully, critically, and creatively. This year the theme is '**Inspiring change? Making a difference**'. We have shared safety information with children in class and assemblies and have [updated our parent support pages](#). Please take some time to read these.

Please can I remind you all that due to the emotional dangers that Social Networking can present, the legal age for a child to have a **Facebook Page, TikTok, Snapchat and Instagram** amongst others is **13**. The legal age for children to have a **What's App** account is **16+**. Please do check children's devices as some of the things we are hearing that children have to deal with online really are shocking. Please speak to us if you need help with this

Book on the online safety workshop delivered by the NSPCC on [Wednesday 20th March 2024 – 6pm](#) to support parents in having better conversations with children about online safety.

Next Friday, we will be **asking children and staff to wear red and pink** in celebration of the work our local Home-Start charity does in the community. We will be at the gate collecting your donations for this worthy charity who offer practical and emotional support to families with at least one child aged 9 or under. The charity helps families through their most challenging times because childhood cannot wait.

School Meals

Funded school meals are available for all pupils in Reception, Year 1 and Year 2. This initiative from the DfE has the purpose of aiding child development, supporting academic performance and improving levels of healthy eating.

Do I need to apply for this?

If you are on a low income, we highly recommend that you make a free school meals application as it will allow the school to unlock additional funding for your child, which will go towards supporting their development. Every child eligible for free school meals (because they are from a family on a lower income) can unlock up to £1,455 extra funding for school, which must be spent on supporting their development.

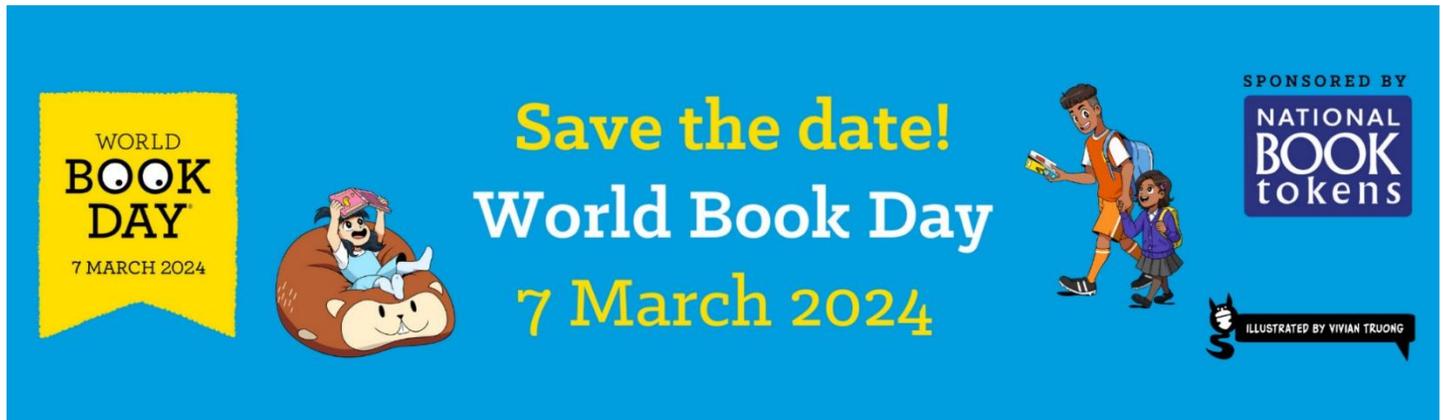

So, even if your child is in Reception, Year 1 or Year 2 and will automatically get a free meal, please do still make an application. Otherwise, we will not know that your child is eligible for additional funding.

World Book Day

On **Thursday 7 March 2024** we will be celebrating **World Book Day** in school by inviting children and parents to join us in dressing up as a story character for the day. If you are short of ideas – take a look at the [World Book Day Site](#). On the day, your child can collect their World Book Day voucher and listen to stories shared by staff.

ELSA – Diabetes Study

In March, we are working with researchers at the University of Birmingham and inviting you to take part. The study is testing children for early indicators of type 1 diabetes in order to better manage this. This is a simple finger stick blood test, you can do at our school with your child and practitioners will be visiting school on Thursday 14th March 2024. Every family who takes part in the ELSA study is helping us to understand more about type 1 diabetes. Please consent for your child to be involved in the ELSA diabetes study at the following web page - <https://www.elsadiabetes.nhs.uk/>
