

STORYTELLING WALK

This activity supports children to expand their imaginations and create interesting stories to tell whilst on the walk. Talk to them about what is happening in the story, who is in their story and why these things are happening in the story.

THE ACTIVITY

Begin to tell a story and then ask your little one to continue the story at a dramatic moment: "This is a story about a boy like you who had..."

After your little one describes what happens next, you take your turn again adding more detail to the story. Take turns with your child adding imagination and using the things you see around you to the story. Your child will stretch their legs and their imagination...
