# Joining Google Meet from Google Classroom on an iPad/iPhone

Joining Google Meet from Google Classroom on an iPad/iPhone ***You MUST have BOTH the Google Classroom AND Google Meet apps downloaded from the app store.***

1. Open the Google Classroom app and go to the class you want to join the Meet. **Click on the CAMERA button** in the top right to or link in classwork.

2. Google Meet will open. If the teacher has opened the session, there will be a button to **JOIN MEETING**. If the button is NOT there and it asked you to enter a code, you must WAIT for the teacher to open the meet session. Try again later! Please note, you are entering the meet with the video ON!

3. Once you join the meet, you can control your microphone and video by touching your picture and turning the controls off or on. To leave the call click the HANG UP button.
